4th Franco-Ontarian Forum

Labour Market Alignment, Skills, and Partnerships

Since 2024, the Franco-Ontarian Forum has brought together faculty members, administrators, leaders and decision-makers, research staff, and partners from the postsecondary sector to exchange, share practices, and co-create concrete solutions in Francophone higher education.

For this 4th edition, the Forum returns to its roots in Toronto and will explore a central question: how can Francophone higher education be better aligned with the needs of the labor market—today and in the years to come?
